<https://offex.pl/4-teraflex-lift-kit-elite-lcg-prerunner-long-flexarm-suspension-system-jeep-wrangler-jk-07-18.html>

Teraflex 4" Elite Lift kit Prerunner Long Flexarm

Teraflex Elite LCG PreRunner System combines all of top-of-the line components into a set that will allow you for off-road driving at high speeds. Suspension limiting straps and SpeedBump Stops prevent any potential damage to drivetrain or suspension by maximizing down travel safely. Additional brackets beef up critically weak areas and prevent potential damage in areas that are prone to damage at high speed.

2)

<https://offex.pl/falcon-series-3.4-remote-air-adjust-shock-absorber-kit-lift-4-6-teraflex-jeep-wrangler-jk-07-18.html?currency=EUR>

Falcon Shocks Series 3.4 with remote adjust

Falcon JK/JKU Series 3.4 Remote Air Adjust Piggyback Shock Absorbers feature a two-position Remote Air Adjust Switch to adjust damping settings soft or firm from inside of the car.

3)

<https://offex.pl/high-steer-system-with-complete-drag-link-flip-kit-and-tie-rod-lift-4-teraflex-jeep-wrangler-jk-2-4-doors-07-18.html?currency=EUR>

Teraflex High Steerer System Complete Kit

The TeraFlex High Steerer System addresses all of the front-end steering issues associated with JK Wrangler and JKU Wrangler Unlimited models with 4"+ lift kits by maintaining proper steering geometry for superior highway drivability.

4)

<https://offex.pl/amortyzator-skretu-fox-2.0-performance-ats-jeep-wrangler-jk-en.html?currency=EUR>

Fox 2.0 Performance ATS Adjustable Steering Stabilizer

Derived from the FOX's original ATS stabilizer, the Performance Series 2.0 Stabilizer TS utilizes a Through Shaft (TS) architecture that eliminates shaft fluid displacement throughout the stabilizer's entire travel in both directions.

By eliminating fluid displacement, the TS design delivers neutral and consistent damping of unwanted steering feedback. The result is unrivaled steering control at an unbelievable price point in a single, bolt-on stabilizer.

BRAKES

1)

<https://offex.pl/front-big-brake-kit-with-slotted-rotors-teraflex-jeep-wrangler-jk-07-18.html>

Teraflex Front Big Brake kit with Slotted Rotors.

The TeraFlex Front Big Brake Kit is a must for Wrangler models requiring increased braking performance with oversized – and heavier – wheels and tires. This simple bolt-on upgrade doesn't require cutting, welding, or adapters.

2)

<https://offex.pl/rear-performance-slotted-big-rotor-kit-teraflex-jeep-wrangler-jk-07-18.html>

Teraflex Rear Performance Big Rotor Kit

The TeraFlex Rear Performance Slotted Big Rotor Kit is an affordable upgrade for JK Wrangler and JKU Wrangler Unlimited models, a must when using oversized – and heavier wheels tires. This simple bolt-on upgrade doesn't require cutting or welding.
